S.A.D. 44 DIRECTORS MEET AT WOODSTOCK HIGH SCHOOL

The board of directors of S. A. D. 44 met at Woodstock High School, Bryant Pond, Monday evening, June 3. All board members were present with the exception of Roderick Bidelinger of Andover, and William Cousins of Bethel.

Mrs. Esther Davis, a resident of South Woodstock, brought a matter before the board concerning the procuring of the water rights from the Woodstock Union School to the Methodist Church; the reason for the appeal being the school well has served the community during drought. The matter was tabled until further information could be obtained concerning the matter.

The directors voted to table the matter of custodial fringe benefits; also to table the matter of hiring a head custodian for Telstar Regional High School until a more complete job description was presented.

The directors voted to accept the following nominations:

Dennis R. Taylor to teach industrial arts (automotive and electrical) at Telstar Regional High School and coach cross country. A graduate of Wilton Academy in 1954, Mr. Taylor will receive his B. S. in education with a major in industrial arts from Gorham State College in June of this year. He has had three years experience in the automotive mechanic field with Keith Oil, of Oil Co., Inc., South Portland. Mr. and Mrs. Taylor and family are residents of Portland.

William Koen, as yearbook advisor for the 1968-69 school year. This will be in the form of an addendum to Mr. Koen's contract. Eddie Snyder, Andover director, volunteered to attend the Delegate Assembly of the Maine State School Boards Association on June 8, with Ralph Ryder, superintendent.

Leater Bickford, Greenwood, reported for the building committee on the Deering case. Mention was made that at this time no figures were available on the cost of completing the high school athletic field. Mr. Murdoch, of Clarke & Rapana, Inc., will be in Bethel, June 10, to discuss the grading and seeding for the high school grounds with the building committee.

The directors voted to approve the purchase of two language labs from Education Electronics, Inc., of Augusta, under NDEA and the Vocational Act. COMMENTS FROM THE TOWN MANAGER'S OFFICE

Anyone wishing to have things done at the time the town does their's should contact the Town Office. As soon as we can have the equipment to screen and we shall do all of our tarring as early as possible.

Street signs are being ordered to replace some that are missing. The \$200 appropriated at town meeting will be the amount spent for this purpose. If this does not complete the project it should not require a very large expenditure another year to do the streets not done this year.

There will be some change in the parking on upper Main Street in front of Mrs. Tibbette and Mrs. Bennett's. When the new parking lines are painted there will be parallel instead of diagonal parking in that area. This is being done to help relieve the congestion of traffic on that end of the street.

DOLLARS FOR SCHOLARS BOARD OF DIRECTORS FOR S. A. D. 44 MEETS

A meeting was called by Dana Douglass at his home in Bethel for the directors from the five towns participating in Dollars for Scholars in S.A.D. 44.

The directors were brought up to date on what had been done thus far. An approval vote was taken by the directors to give six scholarships at this year's graduation: two going to Bethel; two to Woodstock; and two to Andover. It was also brought to the attention of the directors of the possibility and necessity to incorporate the organization. This was discussed at length and approved by all members. Mr. Douglass will get this underway immediately.

With this year's plans taken care of the directors pushed on to next year's meeting. A nominating committee was chosen with one director from each town being on the committee. This was done at this early date to give this committee enough time to find directors and other needed persons in plenty of time for the busy year that will be ahead beginning next fall.

Those attending this meeting were: Owen Wight, Jane Young, Joe Roderick, Iron Newry; Shirley Gilbert, Dana Douglass, Frank Glazier, Mrs. Brown, of Bethel; Stanley Farrar, Sterling Mills, Ann Rosenberg and Charlotte Strout, of Woodstock; Burton Falkowski of Andover.

Mr. and Mrs. Wayne Perry and Mr. and Mrs. Daniel Tolly, Plainville, Conn., were guests Saturday of Mr. and Mrs. Joe Perry.

TRUTH

Truth must not be manipulated. We cannot use only that part of it which supports our positions, and ignore the angular or ugly aspects which make our positions vulnerable. It is better to wash one's dirty linen in public than to wear it in public.—Phillip Schaefer in the Christian Herald.

SEVEN BUSINESS LOCATIONS HAVE WINDOWS BROKEN

It has been learned that seven business locations in this area had windows broken in the early hours of Sunday morning. Reported windows were broken at Lee's Variety and Hathaway's Country Store in Locke Mills. In Bethel damaged windows were reported at Bethel Shoe Co.; the former location of the State Liquor Store; the present liquor store; A & P Supermarket, and Luce Oil Co.

Also, on Saturday evening, the emergency light was removed from the State Police cruiser of Trooper Gerald Smith. Reported the light has been recovered and has been re-installed in its proper place.

PLANNING BOARD TO MEET THURSDAY, JUNE 13

On Thursday, June 13, the Bethel Planning Board will meet at the Selectmen's Office at 7:30 P. M. This meeting will be open to the public, and anyone interested are welcome to attend.

On the agenda for consideration will be the discussion of a building code for Bethel. Members of the Planning Board are presently studying the Abbreviated National Building Code issued by the Maine Municipal Association.

Since the special town meeting on May 14 there have been a number of questions in regard to which ordinances remain in Bethel now.

In 1956 the town of Bethel accepted a number of by-laws; these are on record and are printed in a booklet available to town citizens at the Town Managers office. These by-laws cover the Fire Department; its duties, officers, meetings rules and regulations; the sewers; traffic and street regulations, rules on permits for building, chimneys, tenement houses, business blocks in regard to fire control, fire control and rules for violations; shade trees and permits.

Since 1956 eight ordinances have been adopted. In 1964 it was voted to prohibit discharging firearms in the compact area. In 1965 rules regarding motor vehicles as to noise were made, and in 1966 it was voted to have a penalty of not less than \$5.00 nor more than \$25.00 for unnecessary noise with an automobile. In 1965 it was also voted that the town would not be liable for damage caused by sewage that backs into a cellar if the sewer line from the private property is not properly trapped. In 1966 it was voted that all ways and streets that are laid out by the town shall be no less than three rods in width. In 1966 rules regarding loitering were enacted, and in 1967 control of pigeons was enacted.

All of the above ordinances are on file in the Town Manager's office and available for study.

It is hoped that any interested citizen will come to Planning Board meetings so that the board can be aware of feelings and ideas in the community.

Bryant's poem to the Bobolink is an excellent description of his nature. Walk the farm fields or meadows in late May and June and you'll find this sportive songster resplendent in its contrast of black and white. There is grace in his flight as he hovers above your head or his hidden nest with his wings quivering pouring forth his sweet undecipherable notes. He sounds so full of music he seems to have an inward jingle as he rises into the sunshine or on into the meadows lush with buttercups and daisies. One wonders how this little bird so delicately formed and gracefully beautiful can send forth such a volume of scintillating song whether on a swaying reed or on wing.

I have noticed him as I've walked along in the cool of morning or in late afternoon in the ever mounting heat, always jubilant in song. Then he launches out on a gradual downward flight into the grass only to rise again and start anew.

At other times I've sat on a rock watching the clouds roll through the sky like chariots with the organ tones of the wind accompanying the Bobolink in his special concert.

All too soon his fountain of song is missed for he is one of the first songsters to leave. Therefore with so short a time to enjoy him, make it a time of getting acquainted and a time to listen to his bubbling melody.

Some morning you'll awake to find him gone, usually the first part of August. Then there will be no more shimmering black and white, no more jingle rising to the sunshine, no more swaying on the slender reeds. As you wait for the sun to emerge and see a cap of clouds Bobolink will have journeyed until that time of another year another May, when the apple blossoms sway again.

An entirely different creature in the Southland? Probably. But in Maine—
When there are buttercups and daisies,
Purple vetch and roses red,
We are happy to have
Bob-o-link, a-singing overhead.

WOODSTOCK

For the past three weeks, David I. Shaw, pastor of the Woodstock Seventh-day Adventist Church, has been working with other ministers in the Northern New England Conference, in building three new cabins at Camp Lawford, the summer camp for young people, located at Weld, Maine.

Two of these cabins will be used for additional dormitories, and one for an infirmary. Camp is operated through the months of July and August. Nature study, hand-craft, swimming, boating and hiking are some of the activities, besides spiritual guidance, enjoyed during this period.

Picture a cozy camp-fire, the moonlight shimmering on the water, the eager faces of young people fixed on their camp counselor, and listening enraptured as he tells them a character building story, with the sound of gentle lapping waters on the shore and the evening call of the birds in the background, followed by a prayer for protection during the night.

Doesn't this sound more peaceful than watching a hair-raising, horror picture on television before retiring?

COURSE SERIES

The Bethel Health and Service
 Council has sponsored a baby-
 sitting course for youth in the
 sixth, seventh and eighth grades.
 They have recently completed
 the last of six lessons in the se-
 ries.

The first lesson was on qual-
 ifications of a good sitter and
 taught such rules as responsibil-

 manners. Succeeding lessons have
 dealt with the understanding
 of children, such as the dif-
 ferences in children as they
 change in age and the handling
 of behavior problems; basic child
 care, which explained the dress-
 ing, feeding, bathing, and hold-
 ing of the baby; safety and
 health, the prevention of acci-
 dents and injury and instruc-
 tions in case an injury should oc-
 cur.

Final grading of the students
 enrolled in the course is being
 made and certificates will be
 awarded to those who have satisfac-
 torily completed the require-
 ments.

SUNDAY RIVER
Mrs. R. M. Fleet, Corres.

Mr. and Mrs. Floyd Verrill entertained his brother, Ray Verrill of Richmond, Maine and their son, Mr. and Mrs. Ralph Verrill and children of N. H. All returned to their respective homes Saturday morning.

Mrs. Mary Morin and children saw a bear cross the road near Monkey Brook the other afternoon.

Well, many of us saw a new sort of traveler, a Cool, on the holiday. It does not run on tared roads. But up hill, through water and mud its quite a wonder especially for children to watch. Its four wheel drive and can carry quite a load or four people. So I guess that is what's next for summer boarders.

Mr. and Mrs. John Currier and others were in town from Bethel Saturday.

Mrs. Irene Russell and daughter Judy were in town Thursday from Hanover.

Mr. and Mrs. Lloyd O'Brien of Gorham, Maine, called at R. M. Fleet's Thursday.

Sharon Daye entertained her cousin from Norway over the holiday.

Mr. and Mrs. Donald Tyler and family were in Ketchum Thursday.

Mr. and Mrs. Dale Thurston called at R. M. Fleet's Tuesday from Bethel and plans are nearly all set for V. B. S. as soon after regular school closes as the rest of the material arrives.

Last week it was friends that were in the laugh column but this week it's a double laugh as Mr. and Mrs. R. M. Fleet went to carry away some rubbish and get a pile of sand. We stopped the car and when it came time to start, nothing doing. Well, we walked most two miles home and Roland got another battery and a very helpful neighbor carried him back and soon all was home. We both knew we had been some place next morning. We only met one car that, of course, was going the wrong way. We did see where others had walked part of the road several times as there were several sizes of deer tracks. The largest, next to ours was a cow moose and her youngster, according to the foot prints.

Rainish seeds planted on April 10th were eaten on June 1 for supper!

Mr. and Mrs. Elmer Davis and Mary Smith, Norway, were callers also at the Farwell home.

Mrs. Nellie Pratt returned from the Rumford Community Hospital Tuesday and is staying with her daughter, Mrs. Harry Swan Sr.

Marla Mills has been ill this week with a throat infection. Jason Bennett is expected to arrive home by ambulance from the C. M. G. hospital Thursday morning.

Miss Kathryn Leona Dunham received her Associate in Science Degree from Bliss College in Lewiston on Sunday, June 2. Kathryn is the daughter of Mr. and Mrs. Leland Dunham.
